

PETITION
To the Honourable the Speaker and Members of the
Legislative Assembly of New South Wales.

The Petition of South West Sydney residents and commuters

Brings to the attention of the House the removal of the following train services from Liverpool since 2013: Inner West Line (City to Liverpool via Regents Park), Express Trains to City via Granville (T2 Leppington Line), Direct Train to Campbelltown (T5 Cumberland Line), the upcoming removal of Express Trains to City via T3 Bankstown Line (due to the Sydenham – Bankstown Metro Southwest)

The undersigned petitioners therefore ask the Legislative Assembly to: *Fix Liverpool Transport by restoring the Inner West Line’s Liverpool via Regents Park service, restoring express trains to City on the T2 Leppington Line, restoring the direct train to Campbelltown and the T5 Cumberland Line, maintain existing heavy rail services on the T3 Bankstown Line and upgrade signalling on the T3 Bankstown Line instead of building Metro Southwest*
